## Skills

**C++**
**Data Structures**
**Algorithms**
**Web Development**
**Git**
**Github**
**HTML**
**CSS**
**Javascript**
**React.js**
**Node.js**
**Database Management System (DBMS)**
**Operating Systems**
**Debugging**
**Front-end Development**
**Back-End Web Development**
**Database**
**Express.js**
**Coding Experience**

## Education

**National Institute of Technology (NIT) Srinagar**
2021 - Present
B.Tech-IT

**BHSSK**
2018 - 2019
Other Qualification-maths physics chemistry

## Project

**Ecommerce Website**
I developed a full stack ecommerce website using the MERN (MongoDB Express.js React Node.js) stack delivering a robust and feature rich online shopping experience. The key features are User Authentication shopping cart payment integration order management.

**Notes Website**
I designed and developed a MERN (MongoDB Express.js React Node.js) notes website providing users with a versatile platform for creating organizing and managing their notes efficiently. I have used react for frontend and Node.js and Express.js for restful API development

**Portfolio**
I crafted my personal portfolio website using HTML CSS and JavaScript to showcase my skills projects and passion for web development. The key features are responsive design and contact form.

## Achievements

Quickly acquired new skills and technologies specific to each project.

Successfully resolved technical challenges highlighting effective problem-solving skills.

Continuously seeking opportunities to enhance knowledge and skillset through self-study and online courses.
